

Power Cat 1.0

Cross stitch chart

Design size: 25 x 24 stitches

Power Cat 1.0 cross stitch pattern designed by Ruby May "Power Cat's Mom" Valentine. Colors picked for stitching are based on materials I currently have available and so is the size of the pattern. I hope to make a much better looking and larger pattern once I have more materials. I recommend something like desert sand for the face if you do have it. Thank you to flosscross.com for having such a great website for making patterns.

Floss list for crosses

Flosscross.com recommends using two strands for cross stitch, but I personally tend to use three.

N	Symbol	Number	Name	Stitches
1	 	DMC 310	Black	147
2	 	DMC 666	Red - Bright	244
3	 	DMC B5200	Snow White	86
